

REMARKS

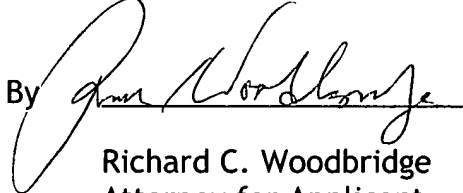

This US national phase application claims priority from PCT Application No. PCT/GB2003/004668; GB Patent Application No. 0225241.9 filed on 30 October 2002; and, GB Patent Application No. 0227359.7 filed on 25 November 2002.

The U.S. Patent Office is hereby requested to examine the application as amended. The amendments to the specification were made to include the priority information, the description of the drawings, and to bring the specification into acceptable U.S. Patent Office format.

If the patent examiner has any questions or comments, he is respectfully requested to contact applicant's attorney at the telephone number indicated below so that additional amendments may be added as required.

Respectfully submitted,

Robert SEEMAN
